

A collection of coffee beans of various sizes and shades of brown, scattered across a solid black background. The beans are in sharp focus, with some showing the characteristic crease and texture of roasted coffee beans. The lighting creates highlights on the edges of the beans, giving them a three-dimensional appearance.

## Description

The Bolero Turbo XL 64 is designed for locations that require high capacity and constant reliability. Ideal for healthcare facilities or conference centres, it delivers a fast, consistent supply of hot beverages and can brew up to 44 litres of coffee per hour.

With six 2.4 litre canisters and four powerful mixers, it provides a continuous flow of perfectly blended drinks and fills two 2-litre decanters simultaneously in 90 seconds. The flippable cup tray adapts the interface automatically for cups or decanters, ensuring smooth operation in busy settings.

Compact yet powerful, it offers up to 36 hot beverages including hot water, with 130 mm cup and 251 mm jug clearance. It supports simultaneous dispensing and adjustable drink volume and strength.

Hygiene stays central with an easy-clean touchscreen, accessible components and a maintenance history for transparent upkeep.
