

HWA 6D

BRAVILOR BONAMAT

HWA 6D

Price € 1.299,00

Identifier 8.060.140.32002

Description

HWA 6D has more to offer than the basic functionalities such as prompt hot water dispensing and a high hour capacity.

The machine is designed as a 360 degrees solution, which means that the unit looks attractive from all angles. Private branding is optional.

The compact narrow footprint is space-efficient.

HWA 6D is overall user-friendly. The LCD display communicates clearly and enables you to programme the machine easily. In addition, the HWA 6D is maintenance-friendly. The high-quality Bravilor Bonamat parts are sustainable. This results in little maintenance and a long-life.

HWA 6D benefits

- Water connection
- Automatic water refill
- LCD display with clear programming
- Boil-dry protection
- Boiler insulation material reduces the use of energy by minimising heat loss
- Smart ECO-mode optimises hot water needs vs. energy consumption
- 2 dispense buttons for precise volumes of hot water (e.g. 120 ml cups and 150 ml mugs)
- Free-flow option too
- Tap height: 140 mm for cups and mugs
- Made of stainless steel
- Drip-tray included
