

Mondo marine 230V

BRAVILOR BONAMAT

Mondo marine 230V

Price € 704,00

Identifier 4.010.440.110

Description

The Mondo and Matic marine machines are especially suited for use on ships or in any other dynamic environment.

The solid machines feature stainless steel decanters and the additional decanter racks ensure that the decanters stay in place regardless the circumstances.

Note that the Mondo needs to be filled with water manually whereas the Matic requires a water supply.

Complete with stainless steel decanters, filter pan, decanter racks and fixation set.

In addition to quick filter machines, we also offer round filter machines for the marine industry.
