Identifier 4.321.201.110

Description

Round filtering machine for locations with water connection. Brews large quantities of coffee into separate containers. Equipped with digital display, total and day counters, descale system, coffee-is-ready signal, built-in timer and optimum security provisions. Including container(s) type VHG, filter unit(s) and drip tray.

Model with 1 brewing system and 1 container of 20 litres (left or right of the column). This enables you to easily compile, for example, double or triple machines.

Strong points

- Quickly large quantities of fresh filter coffee
- Robust and high-quality appearance because of stainless steel housing
- Equipped with coffee-is-ready signal, total and day counters and built-in timer
- Descale system and optimum security provisions
- Coffee of a consistent quality: The containers monitor the quality of the coffee
