4. ventilation duct
5. mixing system
6. beverage outlet
7. hot water outlet
8. safety key
9. USB connection
10. programming button
11. door-key
12. cup tray
13. drip tray plate
14. drip tray with float
15. ventilation system
16. water inlet
17. electrical connection
18. on/off switch

2.2 Optional water filter

To enjoy your beverages even more and improve the performance of your Bolero, we recommend installing a water softener filter. You can request one from Bravilor Bonamat BV.

► *When you install a water softener filter you must notify the Bolero of its presence as described in* *§6.1.3 on p.28*.

2.3 Optional raiser set

The pedestal raises the standard Bolero Turbo (XL) by approx. 90 mm and the maximum tap height to 396 mm.

- Raiser set Bolero Turbo: 7.270.512.101
- Raiser set Bolero Turbo XL: 7.270.513.101

2.4 Controls

The basic buttons are described underneath.
Overall the Bolero reacts after the release when a button is pressed.

► *If no button is pressed within 5 minutes, the Bolero returns to the beverage selection screen.*

controls	function
< >	navigate between screens
start	start an action
✓	confirm *(not saved yet)*
save	save adjustments
✗ cancel	cancel
< > ^ v	browse the available options on a screen
+ −	increase and decrease

► All screen shots in this manual are in English.

► The beverages, recipes and settings used are only examples.
