BRAVILOR BONAMAT

Sprso

Identifier 8.038.010.31002

Description

If you are looking for the simplicity of a consumer machine and the performance of a professional coffee-maker, Sprso is what you'll need. The Sprso is small, powerful and stylish.

This eye-catching bean-to-cup machine serves perfect single cups of ristretto, espresso, caffè crema and americano. A milk cooler* option offers you the additional facility to create delicious cappuccinos and lattes.

The Sprso is perfectly suited for board rooms, waiting rooms and small offices. The Sprso is even right at home on the kitchen counter thanks to its compact size.

- Unique design
- Makes coffees from freshly ground beans
- Makes milk coffees with freshly frothed milk
- Simple and intuitive operation
- Brews two beverages simultaneously (ristretto, espresso and caffè crema)
- Cup size, brew strength, intensity and grind size can be adjusted to your individual preference
- Made from solid and high quality materials: stainless steel and BPA-free plastics
- Incorporates professional CIRCO brewer
- Extremely low energy consumption in standby < 0.5W

This bean-to-cup machine can be unpacked, plugged in and ready for use in only 10 minutes.

*The Sprso milk cooler from Bravilor Bonamat is not automatically included. This item can be ordered separately, see: Sprso milk cooler.
