

B-Compact 127V

BRAVILOR BONAMAT

B-Compact 127V

Price € 1.595,00

Identifier 8.050.517.21002

Description

The B-Compact is a portable, pump-controlled bulk brewer for high quality coffee. Perfect for smaller-scale locations such as football canteens, outdoor kiosks, or camps. It allows you to quickly and easily brew large quantities of coffee in a convenient, movable container. You can brew up to 10 litres of coffee at once.

Its intuitive interface lets you adjust the pump time, brewing duration (from 4 to 20 minutes), and temperature, with the ability to set the temperature in either Celsius or Fahrenheit. The 175 mm dispense height accommodates a wide variety of cup sizes, making it highly versatile.

The B-Compact also offers flexible filling, either manually or automatically, making it suitable for many different locations. With its daily rinse function, you can be confident that the machine stays clean and ready for use at all times.
